WHITE PAPER

On the subject of:

The Obama Eligibility

Part Five

By Jerome R. Corsi

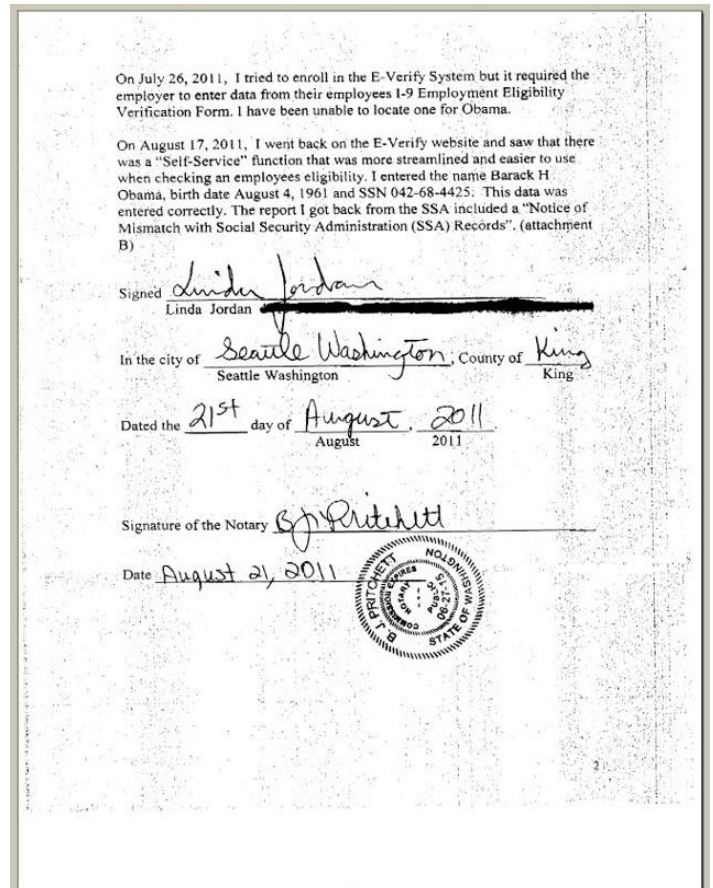

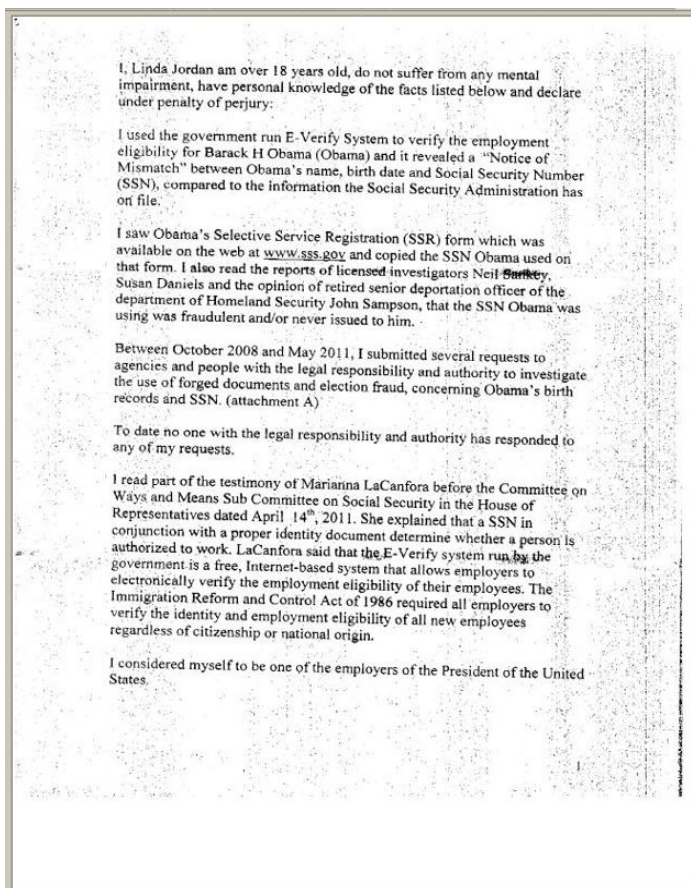

A private investigation reveals that the [Social Security](#) Number being used by Barack Obama does not pass a check with E-Verify, [the electronic system the U.S. Citizenship and Immigrations Services of the U.S. Department of Homeland Security has created to verify whether or not prospective employees have the required authorization to work legally in the United States.](#)

Over the past few years, the E-Verify system has received national attention because of its ability to determine if prospective employees are illegal immigrants who have entered the United States without the legal authority to work.

By flagging fraudulent documents, including faked Social Security Numbers, the E-Verify system can assist an employer in the effort to make sure all prospective hires have authentic identification papers, including valid Social Security Numbers, issued to them and not to someone else.

Now WND has obtained a copy of an affidavit from Linda Jordan, a private citizen who entered Obama's Social Security Number [into the "Self Check" section of the E-Verify website, only to find out that Obama's Social Security Number was flagged by E-Verify as likely being fraudulent.](#)

The document:

Jordan told WND she is a wife, mother and homemaker. She described herself as "an average citizen with reasonable research skills."

She said she became concerned when she realized that Congress was not willing to investigate issues concerning Obama's identity, including whether or not he currently is using a fraudulent Social Security Number, and that [federal law](#) enforcement authorities also were doing nothing.

"Between October 2008 and May 2011, I submitted several requests to agencies and people with the legal responsibility and authority to investigate the use of forged documents and [election](#) fraud, concerning Obama's birth records and Social Security Number," she stated in her affidavit. "To date no one with the legal responsibility and authority has responded to any of these requests."

Jordan told WND she finally decided to investigate Obama on her own initiative.

"I did my own research and I found allegations that Obama was using a fraudulent Social Security Number and that his [birth certificate](#) had been forged were more than credible," she said. "Then I saw many brave people putting their reputations on the line to get the truth concerning Obama, including military officers like Lt. Col. Terry Lakin, and I decided I could no longer just sit back and watch."

Jordan finally decided to take matters in her own hand.

"I considered myself to be one of the employers of the [president of the United States](#)," she said, "so I decided to sign up for E-Verify and see if I could determine whether or not I could find out something about his true identity."

In May 2010, [WND reported](#) two private investigators working independently were asking why President Obama was using a Social Security Number set aside for applicants in Connecticut while there is no record he ever had a mailing address in that state.

In addition, the records indicate the Social Security Number Barack Obama is using was issued between 1977 and 1979, yet Obama's earliest employment reportedly was in 1975 at an ice cream shop in Hawaii.

E-Verify reports suspected fraud.

As seen in Exhibit 1, after Jordan entered Obama's Social Security Number into the E-Verify Self Check, the system indicated Obama's Social Security Number produced a mismatch that warranted a visit to the [Social Security Administration](#) to investigate the discrepancy.

B. Notice of Mismatch with SSA Records

1. Purpose of the Self Check notice
 DHS created a printable "Notice of Mismatch with SSA Records" that appears on the Self Check screen when a mismatch occurs. This notice provides the user with an official notice that documents the discrepancy between the information the user entered into Self Check and SSA's Records. It is optional for the user to print the notice and bring it to SSA. For an example of the notice see RM 10250.005B.3.

2. Mismatches defined
 The following table lists the five possible mismatch reasons that appear on the Self Check Notice of Mismatch with SSA Records. These are the same reasons listed on the E-Verify Tentative Nonconfirmation and E-Verify SSA Referral notices. For more information, access the links to related E-Verify POMS sections.

Reason Listed on Self Check Notice	Interpretation of Reason	E-Verify Section Reference
SSN does not match	<ul style="list-style-type: none"> Mismatched DOB, Mismatched name, Mismatched DOB and Mismatched name, or Death date exists 	RM 10245.035
SSN is invalid	SSN does not exist	RM 10245.030
SSA unable to confirm U.S. Citizenship	The citizenship status on the Narrator does not confirm U.S. citizen or Lawful Permanent Resident.	RM 10245.040
SSA record does not verify, other reason	Special indicator present	RM 10245.050 RM 10215.240 RM 10215.245
SSA unable to process data	Other reason	RM 10245.045

Further research revealed that the SSA adds "Special Indicator codes" to identify Social Security Numbers that individuals obtained fraudulently.

According to an audit report [authored by the Office of the Inspector General](#), Social Security Administration, titled "Effectiveness of Special Indicator Codes on the Social Security Administrations Numident File," dated August 2008, there were 9 special indicator codes as of November 2008:

- False Identity
- Noncitizen Not in Status
- Multiple SSNs with Different Identities
- Scrambled Earnings with New SSN Assigned
- SSN Obtained Using Fraudulent Documentation
- SSN Assignment Based on Harassment/Abuse/Life Endangerment
- Fictitious Identity
- Fraud – OIG Investigated
- Fraud SSN Misuse

"Eight of the Special Indicators have to do with fraud of some kind," Jordan said. "It looks to me like the SSN Obama is using has been flagged with a Special Indicator suggesting fraud."

[WND's](#) phone call to the media office of the U.S. Citizenship and Immigrations Services of the U.S. Department of Homeland Security went unanswered.

Whose Social Security Number is Obama using?

As seen in Exhibit 3, U.S. [Air Force](#) Col. Gregory Hollister, retired, [has obtained from the Social Security Administration verification that the Social Security Number currently being used by Barack Obama is a number that was never issued to Obama.](#)

Yet, WND has independently verified that Obama is using the Social Security Number in question.

As seen in Exhibit 4, WND has further confirmed [that Obama's Social Security Number links to Obama in the online records](#) maintained by the [Selective Service](#) system; inserting Obama's Social Security Number into the online Selective Service search engine produces a valid Selective Service number identified with Obama.

Researcher Felicito Papa has further confirmed, in an affidavit filed on lawyer Orly [Taitz's](#) website, [that Obama's Social Security Number is clearly legible in a non-redacted layer of the electronic file when Obama's 2009 federal tax return is viewed in Adobe Illustrator.](#)

On Aug. 30, 2011, Judge Royce C. Lamberth, chief judge of the U.S. District Court for the District of Columbia, granted summary judgment dismissing a federal lawsuit brought by Taitz, asking for FOIA disclosure of Obama's Social Security information.

Taitz had alleged Obama was engaged in Social Security identity fraud, using a Social Security Number that had not been issued to him; Lamberth ruled that privacy restrictions prevented the Social Security Administration from releasing the requested files, despite the fact Obama is a public figure.
